

BOHERLAHAN/DUALLA PARISH

The *'Seeds of Hope'* Pastoral plan for the next 5 years for all parishes in the Diocese

The programme is based on the concerns/needs of our Christian Faith community in adapting to a new model for the Church, both from the age profile, lack of replacements for the current clergy, and the realisation that our Christian beliefs are challenged and threatened by the growing secularisation of society.

- It encourages parishioners of all ages to engage actively in a wide-ranging Faith programme to help strengthen our own knowledge and commitment.
- It seeks to help in developing new ways of participating in current church-based service/events and in supporting totally new faith initiatives/occasions.
- To highlight that the future of the faith community in our parish needs a bigger involvement of the laity in supporting and being supported by a rapidly declining number of priests.
- Prayer at the individual and community levels is at the centre of this Pastoral plan.
- Support for one another as Christians and parishioners, on our faith journey is at the core.

- **What can you or I do for this plan?**
 1. If you have an idea or ideas, talk about it and get it discussed.
 2. If a special event is organised, please support it.
 3. Always, personal prayer is important
 4. Being an active volunteer for Jesus Christ is a call to us all. It is central to our Faith.

An active, dynamic team is a vital part of the future. It needs a wide diversity of ages and gifts. The 'Seeds of Hope' plan will only flourish if cared for by a group acting on behalf of all.

Why not join your Parish Pastoral team.
